Dear Hughes Parents and Students,

We have arrived at the beginning of the 2nd semester and we are excited for all of the educational opportunities that are on the horizon! I am so appreciative of all the hard work and effort of all our students, teachers and families as we continue on our quest to be the BEST STEM school in all of Ohio! Here are a few things I'd like to highlight as we move into the 3rd quarter of the school year.

Spring Intersession

All students have been placed in their intersessions for the Spring. Intersession is a mandatory graded course and all students are expected to actively participate. If you have any questions about intersession, please see the Hughes STEM website or call the main office at 513-363-7400. There are costs associated with Intersession.

Optioning for the 2016-2017 School year

Soon your student will begin the process of selecting courses for the 2016-2017 school year. Those college readiness options include:

- Dual enrollment opportunities in multiple subjects
- Advanced Placement offerings – both blended on-line options as well as face-to-face options
- Career Tech TAG courses - Students are guaranteed the transfer of applicable credits among Ohio's public colleges and universities and equitable treatment in the application of credits to admissions and degree requirements.

*Please note that all courses at Hughes are taught at the honors level or above. Your student will bring home additional information regarding the grade level optioning process starting the week of Feb.1st.

Thank you for all that you do and here's to an Outstanding 3rd Quarter!
